### House. WASHINGTON, Sept. 4. - In the House

today Senate bill was passed to establish a port of delivery at Sioux City, Ia. Mr Cummings, of New York, rising to a question of privilege, protested against his "black-listing" by the famous Cannon resolution. The gentleman who had offered the resolution had made unjust imputations, and in making these imputations he had falsified the record and black-listed himself. He then proceeded to make an attack upon Cannon, comparing him to the noted Tinnville, of the french revolution. In support of nois, (Cannon) had appealed to the retord. The gentleman from lowa, (Henderson) had seconded the gentleman from Illinois, and had used the words 'stack." There had been some sneaking done, as the record indicated. The record showed that the speaker had refused to the House the list of names, of the absentees. Fancy the great chairman of the great committee on appropriations, the successor of Samuel J. Randall, sneaking to the clerks and obtaining surrepitiously a list of members that had been refused to the House, and upon the list basing a false accusation against the fellow members. Was not that an act worthy of Tinnville?

He then proceeded to arraign the Speaker and the majority of the committee on rules. This majority composed a triumvirate almost as powerful as the one which sprang into life after the assussination of Julius Cæsar. When the House met in the morning Mark An- prices." tony recognized Lepidus or Octavius and nobody else. All the legislative meat was cut and dried and distributed according to a prearranged programme.

Mr. Cummings was frequently interrupted by Mr. Kerr, of Iowa, and Mr. Rowell, of Illinois, with the point of to a queston of personal privilege.

Mr. Cummings proceeded with his arrigument of the Speaker, but after frequent interruptions, asked unanimous consent to to print the remainder of his remarks in the Record, but this consent was refused by Mr. Kerr and Mr. Dun-

Mr. Cannon remarked that the gentleman was printing a speech under the lake pretense of making a personal ex-

Mr. Cummings-That pretense is not as false a the pretense by which you smuggled my name into that black list. Another interruption was made by Mr. Kerr. This interruption was protested against by Mr. Blount, of Georgia. "Not twenty-four hours ago," said he, "a gentleman on the other side was permitted to arraign a Senator of the United States."

Mr. Cannon called the gentleman to order. [Laughter.] The gentleman from Georgia cannot take the gentleman

a Senator as a felon and to arraign his colleagues for associating with a felon. Mr. Cannon-The sentleman from Georgia has no right to state a question of personal privilege during the time of

the gentleman from New York. Mr. Blount-I am not stating a question of personal privilege. But there has been continued interruption of the gentleman from New York and an effort to suppress him that I have never seen attempted before and which, in the light of the transactions of yesterday, is exceedingly oppressive.

Mr. Cummings then proceeded with his speech, and at the end of an hour was stopped by the gavel of the Speaker protem (Mr. Burrows).

Mr. Bland, of Missouri, made the point of order that in speaking to a question of privilege, a gentleman was not governed by the Hour rule. The speaker protem overruled the point and

Mr. Bland appealed. Mr. Cannon moved to lay the appeal on the table and on this motion demanded the previous question; but Mr. Bland protested that he was entitled to the floor amid applause on the Democratic side, the Speaker protem recognizing Mr. Bland's right to the floor.

Mr. Bland yielded to Mr. Cummings and notwithstanding a protest from Mr. Kerr, the speaker pro tem recognize the gentleman from New York, who proceeded with his speech. He was called to order by the speaker pro tem as not speaking to the point of order.

There was some debate over the ruling of the chair that Mr. Cummings was entitled to only an hour and an appeal was noted but afterwards withdrawn. The Breckinridge election case was

then called up. Mr. Lacey, of Iowa, gave notice that he would call the previous question at 1 | won the district to Democracy when the o'clock to-morrow.

Mr. O'Ferrall, of Virginia, argued in favor of the contestee and paid a high eulogium upon the character of the sitting member.

Mr. McCarthy, of New York, reviewed the testimony in support of his view that Breckinridge was duly elected He criticised the action of the sub committee which had been sent to Arkansas declaring the majority members bad gone to that State with the sole purpose of unseating the seating member.

After a speech by Mr. Marsh, of Pennsylvania, in favor of the minority report, the case went over.

[Condensed from Kinston Free Press.] Second Congressional District Convention was called to order by F. A. Woodard, Esq., chairman Democratic executive committee, who counselled harmony and united action.

Mr. J. C. Wooten, Jr., of Lenior, was made permanent chairman and C. C. Daniels, of Willon, secretary, and E. C. Butler, of Vance, assistant secretary.

The resolutions declared for financial reform-reaffirmed allegiance to Democratic principles-denounced the Force bill and the McKinley bill, declared in favor of laws for the suppression of trusts, the abolition of national banks, and endorsed the platform of the State Convention.

Saml. Hudson, of Jones, placed the name of Hon. F. M. Simmons before the convention, stating that he was not seek- The County Convention Instructs Its ing the nomination, but that his friends were urging his nomination notwithstanding his withdrawal. Col. J. B. Stickney, of Wilson, strongly seconded the nomination.

E. A. Thorne, of Halifax, nominated W. J. Rogers, of Northampton, which was ably seconded by R. B. Peebles, of

Northampton. Mr. Clem. Manly, of Craven, asked to be allowed a few words to second the nomination of Mr. Simmons. The speaker elequently told of how Mr. Simmons outlook was hopeless, how in the succeeding campaign he was defeated by the money of the tariff association be cause he introduced a bill against the infamous bagging trust. He stated that if Mr. Rogers is nominated Mr. Simmons will stump the district for him and Simmons' friends will work for him

W. A. Dunn, of Halifax, spoke in fa vor of Mr. Rogers. In the course of his remarks this speaker spoke of the prospect of electing a Democrat in the dis-trict being much better than it was two years ago, owing to the work of "Peg Leg" Williams and his emissaries. Someone proposed three cheers for "Peg Leg," which caused considerable merri-

This nomination will be generally received with satisfaction. Mr. Rogers is a wide-awake and successful farmera man of character and varied experience. He was a prosperous commission merchant in Norfolk for a number of years, and is a graduate of the University, a thorough-going and aggressive Democrat. His nomination is acceptable to all. He is a strong Allianceman, and represented his county in the late State Alliance, and has often been urged by his people to accept office. Now, let all the Democrats in the Second district rally to his support.
